Appliance box single SL-GT-1-9001, for one device with frame, cream white

Product description

Appliance box for the skirting board trunking, for device installation of a standard switch range unit, device support base with four fixing points for screwing above the skirting board trunking base. With the aid of the enclosed compensating pieces, the device support can be used for both profile heights of the skirting trunking (SL 20x50 and SL 20x70). **Note:** The covers of the skirting trunking can be pushed sideways under the cover of the equipment support, whereby the cover of the equipment support performs a cut-covering function for the covers of the skirting trunking.
