Appliance box vertical 4D 20x80BP-D3, for three devices 45x45, white

Product description

Appliance box for the 4D E skirting trunking "Belle epoque", for device installation of three compact M45 built-in devices in the format 45x45 mm (e.g. socket, data socket, antenna socket, USB charging socket, switch), device support with transition cover to the skirting and support profile including fixing material for screwing above the skirting trunking base. Special feature: Due to its vertical alignment, this device support can be mounted on the wall in places where space is limited (e.g. room niche, etc.). Note: The covers of the skirting trunking can be pushed sideways under the transition cover of the unit support, whereby the transition cover of the unit support performs a cut-covering function for the covers of the skirting trunking.

Basic data

Item number	114302
Product group	75-4D
Packing unit	1 piece
EAN code	4018475342453
Tariff number	39259020

Technical features

Height baseboard duct	80 mm
Depth plinth skirting duct	20 mm
Number of device units	3
Equipped with	without
Mounting method installation unit	Standard
Material	plastic
Halogen free	yes
Colour	pure white
RAL-number	9010
Decoration	without
