Installation column 62x130, 650 mm, 1-sided, aluminium, anodised

Product description

Powerpole made of aluminium with a 76.5 mm wide fixing track for device installation of commercially available switch ranges in combination with accessory mounting boxes or M45 built-in devices with the aid of front-locking installation frames, cable entry through the base, consisting of a base with a DIN rail for snap-in mounting of a partition wall made of plastic for separating cables and cover as a pole body (height 650 mm), a fixed-mountable base plate (width: 200 mm, depth: 132 mm, material thickness: 17 mm), a 4-sided covering lamination for a clean transition from the base plate to the column corpus, a top plate to secure against unauthorised opening and an end cap for a clean finish. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

Basic data

Item number	18654
Product group	30-floor and ceiling installation
Packing unit	1
EAN code	4018475331280
Tariff number	76109090

Technical features

Pillar shape	Rectangular
Model	Single-sided
Prewired	no
Adjustable	no
Height levelling	0 mm
Column height	from 650 to 650 mm
Column depth	62 mm
Column width	130 mm
Number of usable covers	0
Cover width	45 mm
Cover depth	15 mm
Type of fastening	Stand (base)
Place variable	no
Suitable for ceiling mounting	no
Suitable for floor mounting	yes
Cable entry	bottom
Through-going profile	yes
Material installation column	aluminium
Material quality installation column	other
Material installation column halogen free	yes
Surface protection column	anodised
Colour column	silver
Material cover	aluminium
Material quality cover	other
Material cover halogen free	yes

Cover surface	anodised
Colour cover	silver
Number of partitions	0
Useful cross section	7185 mm²
