Installation column 62x62, 650 mm, 1-sided, aluminium, anodised

Product description

Powerpole made of aluminium with a 45 mm wide fixing track for device installation of compact M45 built-in devices in the format 45x45 mm, cable entry through the base, consisting of base and cover as pole body (height 650 mm), a fixed-mountable base plate (width: 150 mm, depth: 150 mm, material thickness: 4 mm), a 4-sided covering lamination for a clean transition from the base plate to the pole body and an end cap for a clean finish. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

Basic data

Item number	18651
Product group	30-floor and ceiling installation
Packing unit	1 piece
EAN code	4018475331242
Tariff number	76109090

Technical features

Pillar shape	Square
Model	Single-sided
Prewired	no
Adjustable	no
Height levelling	0 mm
Column height	from 650 to 650 mm
Column depth	62 mm
Column width	62 mm
Diameter	85 mm
Number of usable covers	1
Cover width	45 mm
Cover depth	10 mm
Type of fastening	Stand (base)
Place variable	no
Suitable for ceiling mounting	no
Suitable for floor mounting	yes
