Installation column 62x62-9010, 650 mm, 1-sided, aluminium, pure white

Product description

Powerpole made of aluminium with a 45 mm wide fixing track for device installation of compact M45 built-in devices in the format 45x45 mm, cable entry through the base, consisting of base and cover as pole body (height 650 mm), a fixed-mountable base plate (width: 150 mm, depth: 150 mm, material thickness: 4 mm), a 4-sided covering lamination for a clean transition from the base plate to the pole body and an end cap for a clean finish. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

Basic data

Item number	18657
Product group	30-floor and ceiling installation
Packing unit	1 piece
EAN code	4018475331259
Tariff number	76109090

Technical features

Pillar shape	square
Model	single-sided
Prewired	no
Column height	650 - 650 mm
Column depth	62 mm
Column width	62 mm
Number of usable covers	1
Cover width	45 mm
Cover depth	15 mm
Type of fastening	stand (base)
Place variable	no
Cable entry	bottom
Through-going profile	yes
Material installation column	aluminium
Material installation column halogen free	yes
Surface protection column	anodised
Colour column	white
RAL-number column	9010
Material cover	aluminium
Material cover halogen free	yes
Cover surface	coated
RAL-number cover	9010
Useful cross section	3454 mm ²
Floor mounting possible	yes
Ceiling mounting	no
