## Installation column 62x62-9010, 650 mm, 1-sided, aluminium, pure white

### Product description

Powerpole made of aluminium with a 45 mm wide fixing track for device installation of compact M45 built-in devices in the format 45x45 mm, cable entry through the base, consisting of base and cover as pole body (height 650 mm), a fixed-mountable base plate (width: 150 mm, depth: 150 mm, material thickness: 4 mm), a 4-sided covering lamination for a clean transition from the base plate to the pole body and an end cap for a clean finish. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

### Basic data

|               |                                   |
|---------------|-----------------------------------|
| Item number   | 18657                             |
| Product group | 30-floor and ceiling installation |
| Packing unit  | 1 piece                           |
| EAN code      | 4018475331259                     |
| Tariff number | 76109090                          |

### Technical features

|   |                      |
|---|----------------------|
| Pillar shape                              | square               |
| Model                                     | single-sided         |
| Prewired                                  | no                   |
| Column height                             | 650 - 650 mm         |
| Column depth                              | 62 mm                |
| Column width                              | 62 mm                |
| Number of usable covers                   | 1                    |
| Cover width                               | 45 mm                |
| Cover depth                               | 15 mm                |
| Type of fastening                         | stand (base)         |
| Place variable                            | no                   |
| Cable entry                               | bottom               |
| Through-going profile                     | yes                  |
| Material installation column              | aluminium            |
| Material installation column halogen free | yes                  |
| Surface protection column                 | anodised             |
| Colour column                             | white                |
| RAL-number column                         | 9010                 |
| Material cover                            | aluminium            |
| Material cover halogen free               | yes                  |
| Cover surface                             | coated               |
| RAL-number cover                          | 9010                 |
| Useful cross section                      | 3454 mm <sup>2</sup> |
| Floor mounting possible                   | yes                  |
| Ceiling mounting                          | no                   |
