## Installation column 62x110, 3000 mm, 1-sided, aluminium, anodised

### Product description

Floor/ceiling powerpole made of aluminium with a 76.5 mm wide fixing track for device installation of commercially available switch ranges in combination with accessory mounting boxes or M45 built-in devices with the aid of front-locking installation frames, cable entry through the floor or via the ceiling, consisting of a base with a DIN rail for snap-in mounting of a partition wall made of plastic for separating cables and an cover as a pole body (height 3.000 mm), a permanently mountable base plate (width: 200 mm, depth: 132 mm, material thickness: 17 mm), two 4-sided covering laminations for a clean transition from the base plate to the column body and from the column body to the ceiling, a top plate for mounting the telescopic unit and a universal telescope for tensioning. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

### Basic data

|               |                                   |
|---------------|-----------------------------------|
| Item number   | 18676                             |
| Product group | 30-floor and ceiling installation |
| Packing unit  | 1 piece                           |
| EAN code      | 4018475331105                     |
| Tariff number | 76109090                          |

### Technical features

|   |                      |
|---|----------------------|
| Pillar shape                              | rectangular          |
| Model                                     | single-sided         |
| Prewired                                  | no                   |
| Height levelling                          | 300 mm               |
| Column height                             | 3000 - 3000 mm       |
| Column depth                              | 62 mm                |
| Column width                              | 110 mm               |
| Number of usable covers                   | 1                    |
| Cover width                               | 80 mm                |
| Cover depth                               | 15 mm                |
| Type of fastening                         | telescope            |
| Place variable                            | no                   |
| Cable entry                               | top/bottom           |
| Through-going profile                     | yes                  |
| Material installation column              | aluminium            |
| Material installation column halogen free | yes                  |
| Surface protection column                 | anodised             |
| Colour column                             | silver               |
| Material cover                            | aluminium            |
| Material cover halogen free               | yes                  |
| Cover surface                             | anodised             |
| Useful cross section                      | 6005 mm <sup>2</sup> |
| Floor mounting possible                   | yes                  |
| Ceiling mounting                          | yes                  |
