Installation column 62x62, 2800 mm,1-sided, aluminium, anodised

Product description

Floor/ceiling powerpole made of aluminium with a 45 mm wide fixing track for device installation of compact M45 built-in devices in the 45x45 mm format, cable entry through the floor or via the ceiling, consisting of base and cover as pole body (height 2. 800 mm), a fix-mountable base plate (width: 150 mm, depth: 150 mm, material thickness: 4 mm), two 4-sided covering laminations for a clean transition from the base plate to the column body and from the column body to the ceiling, a top plate for fixing the telescopic unit and a universal telescope for tension fixing. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

Basic data

| | |
