Installation column MRS 70, 2800 mm, round, aluminium, anodised

Product description

Floor/ceiling powerpole made of aluminium with a 45 mm wide fixing track for device installation of compact M45 built-in devices in 45x45 mm format, cable entry through the floor or via the ceiling, consisting of base and cover as pole body (height 2. 800 mm), two circular segment covers including fastening pins for closing the semicircular openings, a base plate that can be fixed in place (diameter: 200 mm, material thickness: 10 mm), two 360° circumferential laminations for a clean transition from the base plate to the column body and from the column body to the ceiling, a top plate for fastening the telescopic unit and a universal telescope for clamping fastening. Potential equalisation and earthing measures must be carried out professionally. The specified length corresponds to the length of the column body.

Basic data

Item number	18662
Product group	30-floor and ceiling installation
Packing unit	1 piece
EAN code	4018475331181
Tariff number	76109090

Technical features

Pillar shape	round
Model	single-sided
Prewired	no
Height levelling	300 mm
Column height	2800 - 2800 mm
Diameter	70 mm
Number of usable covers	1
Cover width	45 mm
Cover depth	15 mm
Type of fastening	telescope
Place variable	no
Cable entry	top/bottom
Through-going profile	yes
Material installation column	aluminium
Material installation column halogen free	yes
Surface protection column	anodised
Colour column	silver
Material cover	aluminium
Material cover halogen free	yes
Cover surface	anodised
Useful cross section	3241 mm ²
Floor mounting possible	yes
Ceiling mounting	yes
