Transition cover section-Set RK 110x150-300, plastic, 1F, white

Product description

PVC transition cover section, for protection and as a transition from laid cables to distribution cabinets, set consisting of a cover profile, two profile holders with magnets for screwless mounting and an attachable pair of end pieces to cover the open sides on the left and right. **Note:** Due to the asymmetrical shape of the cover profile and the design of the profile holders, the same set can be mounted flexibly in height and width (H110 x W150 mm or H150 x B110 mm).

Basic data

Item number	18052
Product group	60-Slotted trunking
Packing unit	1
EAN code	4018475268814
Tariff number	39259020

Technical features

Height	110 mm
Width	150 mm
Length	300 mm
Colour	white
Material	plastic
Halogen free	no
Surface protection	untreated
RAL-number	9016
